

ORGANIZATIONAL CHANGE UPDATE

Undersea & Hyperbaric Medical Society Clinical Hyperbaric Facility Accreditation Program

Maintaining the currency of organizational information is important to your accreditation status. If there are any significant changes, please notify the UHMS within 30 days of the change. Failure to notify the UHMS may result in loss of accreditation. Depending on the nature and significance of the changes, an interim site-survey may be required to maintain accreditation.

Below are representative examples of changes of which the Society should be notified.

Site/Facility Change

Has your hyperbaric facility relocated since completion of your last accreditation survey? If so, please provide contact information for the new location.

Has your hyperbaric facility undergone remodeling or expansion since your last accreditation survey? If so, please provide the details of the remodeling or expansion such as the installation of additional chambers, new patient treatment rooms, etc.

Services Change

Has your hyperbaric facility added or deleted any services since completion of your last accreditation survey? If so, please provide details of the service change.

Representative examples include, but are not limited to:

- Adding a comprehensive wound care service to your existing hyperbaric service
- Expanding your hyperbaric treatment coverage to a 24/7 full-service hyperbaric facility

Merger/Joint Venture

Has your hyperbaric facility merged with another organization? If so, please provide details of the merger and describe how the merger affects the management and operation of your hyperbaric facility.

Has your hyperbaric facility entered into a joint venture with another organization? If so, please provide details of the joint venture and how the joint venture affects the management and operation of your hyperbaric facility.

Has your host hospital merged with another organization? If so, please provide details of the merger and describe how the hospital merger affects the management and operation of your hyperbaric facility.

Has your host hospital entered into a joint venture with another organization? If so, please provide details of the joint venture and describe how the joint venture affects the management and operation of your hyperbaric facility.

Service Provider (Contractor) Change

Has the hyperbaric service provider (contractor) of your hyperbaric facility changed? If so, please provide details of the new hyperbaric service provider (contractor). Also, describe how the management and operation of your hyperbaric facility differs with the new hyperbaric service provider (contractor).

Key Personnel Change

Has the Medical Director of your hyperbaric facility changed? If so, please provide information on the new Medical Director. A current curriculum vitae should also be provided.

Has the Clinical Program Manager of your hyperbaric facility changed? If so, please provide information on the new Clinical Program Manager. A current curriculum vitae should also be provided.

Has the Technical Director (if assigned) of your hyperbaric facility changed? If so, please provide information on the new Technical Director. A current curriculum vitae should also be provided.

Has the Safety Director of your hyperbaric facility changed? If so, please provide information on the new Safety Director. A current curriculum vitae should also be provided.

Please submit your change information, along with supporting documentation as required, within 30 days to:

W.T. Workman, MS, CAsP, CHT
Director, Quality Assurance & Regulatory Affairs
UHMS Satellite Office
18111 Copper Ridge Drive
San Antonio, TX 78259

If there are any questions regarding organizational changes, please contact Mr. Workman at (210) 404-1553 or uhmsqara@aol.com.
