

e-Poster Design

Process

- 1) Researcher completes our user-friendly online “Design Project Request” form: <http://www.eposterboards.com/project-request/>. This form will provide our team with information such as: which application the e-Poster should be designed in, slide/poster dimensions, background and banner colors, special instructions, and Meeting/Conference title and date
- 2) Within 24 hours of form submissions, our team will quote the project and provide draft due dates (first and final)
- 3) Once the quote and dates have been approved, our design team assigns a secure and personalized Dropbox folder to project, and requests all color swatches, graphics, videos, icons, and content to be uploaded into the assigned Dropbox.
- 4) 1st draft of poster is submitted via the assigned Dropbox, and an email reminder is sent to the poster’s author
- 5) The author of the e-Poster is to submit edits via Dropbox
- 6) Based upon edits our design team makes corrections to the e-Poster and submits final draft

*At any point during this process, if changes need to be made to the e-Poster, the e-Poster Design team should be contacted via email (andrea.moya@eposterboards.com); ensure that the “Project #” is in the email’s subject line.
