

16 - 17 Marzo 2019
Teatro Girolamo Magnani
FIDENZA, Parma - Italy

Association of Patients Treated in Hyperbarism
XXIX International Meeting
under the high patronage of:
DSB (Department of Biomedical Sciences), University of Padua,
and SIMSI (the Italian Society for Diving & Hyperbaric Medicine)

INTERNATIONAL FACULTY

John J Freiberger, MD;
Duke University, USA

Richard Moon, MD;
Duke University, USA

Stephen R. Thom, MD;
Univ. of Maryland, USA

Daniel Mathieu;
Lille University, France

Christian Heiden;
Traunstein, Germany

NOTA: La partecipazione al solo congresso è gratuita.

- **A).** Con l'iscrizione ad [AS.PA.T.I.](#) (al costo di soli 50,⁰⁰ €) s'ha invece diritto anche alla borsa del kit congressuale, che include:
 - scheda di partecipazione ECM (**12 crediti formativi**),
 - **atti del congresso** su chiavetta USB,
 - **attestato** di partecipazione,

PROGRAM

Greetings from City Council

Saturday 16.03.2019

09:00-13:00

“Hyperbaric Emergencies: Acute CO Poisoning”

President: Giuliano Vezzani
Moderators: Enrico Camporesi, Gerardo Bosco

09:00-11:00

- * **Giuliano Vezzani:** Epidemiological study of 1600 cases of CO poisoning; 20 min
- * **Vincenzo Zanon:** Meta-analysis of literature on CO Poisoning; 25 min
- * **Lidio Maffi, Antonio Soumelis:** First Data Analysis on 1600 cases of CO poisoning; [L.Maffi] 25 min
 Statistics consideration; [A.Soumelis] 15 min
- * **Rossella Giacomello, Fabio Garuti:** CO poisoning – the centralization of regional emergency medical services. 20 min

15' Discussion

Discussants from the Hyperbaric Centers involved in the study:

Brescia, Fara Novarese (NO), Fidenza (PR), Genova, Milano ILMI, Milano Niguarda, Padova, Ravenna, Torino, Torri di Quartesolo (VI), Trieste, Villafranca di Verona (VR), Zingonia (BG).

Break 11-11:30am

11:30-13:00

- Lectures:**
- * **Stephen R Thom:** New HBO₂ Mechanisms in Hyperbaric therapies; 20 min
 - * **Enrico Camporesi:** Crush Injuries; 20 min
 - * **Gerardo Bosco:** New Emerging Therapies in HBO₂. 20 min

30' Discussion

Lunch: 13:00- 14:20

14:20-16:00

“Hyperbaric Oxygen Therapy: impact on bone metabolism”

Moderators: Giancarlo Isaia, Richard Moon, Vincenzo Zanon

- Lectures:**
- * **John J Freiburger:** Bone Turnover and Oxygen; 25 min
 - * **Giuliano Vezzani:** The Potential of a Protein: Osteocalcin; 20 min
 - * **Daniele Manelli:** Results of Condylar Aseptic Necrosis after HBO₂; 20 min
 - * **Christian Heiden:** HBO for Osteonecrosis in diverse locations: wrist, talus and elbow. Results from Germany. 15 min

30' Discussion

Break 16:00-16:20

16:20-18:00

“Hyperbaric Oxygen Therapy: focus on specific aspects”

Moderators: Enrico Camporesi, Lidio Maffi, Fabio Garuti

- Lectures:**
- * **Daniel Mathieu:** Diabetic Foot: History and Recent results; 25 min
 - * **Pasquale Longobardi:** Controversies in Fibromyalgia; 20 min
 - * **Richard Moon:** How to document and accept new indications: Critical Methods; 20 min
 - * **Ugo Pani:** Lactates and BE in the course of Acute CO Poisoning. 15 min

30' Discussion

P Amato (Cattinara Hospital, Trieste DHMU, Italy), G Bosco (Padua UNI, Italy), M Brauzzi (SIAARTI referee for SIMSI), L Caberti (Fidenza-Vato, Parma DHMU, Italy), EM Camporesi (Tampa, USA), M Chines (SAIPEM Corp. Diving Manager), M Costa (ILMI, Milan DHMU, Italy), L Ditri (OTTI Torri di Quartesolo, Vicenza DHMU, Italy), F Faralli (Contrammiraglio Medico (ris) MM italiana, CD SIMSI), JJ Freiburger (Duke UNI, USA), G Garetto (ATIP, Padova, Italy), F Garuti (Niguarda Hospital, Milan, Italy), R Giacomello (Niguarda Hospital, Milan DHMU, Italy), A Giovannello (Habibita, Fara Novarese, Novara DHMU, Italy), C Heiden (Traunstein DHMU, D), G Isaia (Molinette Hospital, Turin, Italy), P Longobardi (Iperbarico Ravenna DHMU, Italy), L Maffi (OTIP, Turin DHMU, Italy), D Manelli (ASPATI, Fidenza), D Mathieu (Lille UNI, FR), R Miglioranza (Iperbarico Villafranca, Verona DHMU, Italy), R Moon (Duke UNI, USA), U Pani (Habibita, Zingonia DHMU, Bergamo, Italy), A Soumelis (OTIP, Turin DHMU, Italy), C Spina (S. Martirino Hospital, Genoa DHMU, Italy), SR Thom (Maryland UNI, USA), G Vezzani (Hyperbaric School, Padua, Italy), V Zanon (Gruppo San Donato, IOB, Istituto Clinico Città di Brescia DHMU, Italy).

Legend: DHMU = Diving & Hyperbaric Medicine Unit.

Sunday 17.03.2019

09:00-12:00

President: Enrico Camporesi
Moderators: Claudio Spena, Marco Brauzzi, Pasquale Longobardi

“Update in Diving Medicine”

09:00-10:45

- Lectures:**
- * **Richard E Moon:** Immersion Pulmonary Edema; 30 min
 - * **John J Freiburger:** Performance impairment from nitrogen and other gases narcosis; 30 min
 - * **Stephen R Thom:** Microparticle generation and vascular injuries associated with high pressure exposure. 30 min

15' Discussion

Break: 10:45-11am

11:00-12:15

- Lectures:**
- * **Gerardo Bosco:** Prevention in diving injuries: a point of view; 20 min
 - * **Fabio Faralli:** Medical aspects in Commercial diving; 20 min
 - * **Maurizio Chines:** New insights in diving activities. 20 min

15' Discussion

Completion of CME :

12:15-12:45pm
