**Jan 21-22, 2019
 PORTLAND**
 20 Hours at
 Legacy Emanuel
 Medical Center

Virginia Mason™

**Jan 24-25, 2019
 SEATTLE**
 20 Hours at
 Virginia Mason
 Medical Center

COURSE OBJECTIVES:

Participants should be able to gain a basic understanding of the physics and physiology of hyperbaric oxygen therapy, as well as the currently accepted indications for hyperbaric oxygen therapy. The focus of the course is to provide a broad base of knowledge for physicians, nurses, and allied health professionals who seek to understand the field of hyperbaric medicine. Participants will have the opportunity to have hands-on experiences with a variety of hyperbaric equipment in two separate hyperbaric facilities. Patient safety, safe facility operations, and clinical best-practices will be emphasized throughout the course.
